2. Below follows from the minutes of the December 6, 2017 Planning, Zoning & Development Commission meeting: A variance request by Verizon wireless to allow for construction of rooftop antennae on the U.S. Bank property at 159th Street & 88th Avenue.

Public Hearing Z-17-03, (from October 5, 2017 meeting) the purpose of this hearing is to consider a petition of Dolan Realty Advisors (agent for Verizon to lease from building owner US Bank) for a variance to the Village of Orland Hills Code of Ordinances Chapter 159.058 to allow for construction of **rooftop antennae** at a height of forty-seven (47) feet at the property legally described as:

Lot 1 in McEnery Subdivision, Unit 1, a sub of part of the Northeast ¼ of Section 22, Township 36N, Range 12E, of the Third Principal Meridian, according to plat recorded 3 September, 1987 as document 87487665 in Cook County.

The common address of the aforementioned property is 8811 W. 159th Street, Orland Hills, Illinois.

Discussion: Dennis Paul of Dolan Realty presented pictures and discussed plans to (pictures attached) install three cell units on the U.S. Bank roof. Discussion followed by PZD Commission members who had questions for Mr. Paul. Members were satisfied with Verizon's plans to lower the cell units by two feet so that they only protrude six feet over the parapet of the roof without a visual screen. If within six months the Village feels that screening is necessary, Verizon has agreed to install screening as pictured.

Recognizing that complaints about the planned rooftop addition were received from residents and the project was also being questioned by Village officials, members voted to approve the variance with reservation. A motion was offered to approve with the option of future screening.
